

# THE BELLTOWN BULLETIN

Belltown Antique Car Club - P.O. Box 211, East Hampton, CT 06424

September, 2022

## NEXT MEETING

**Wednesday, Sept. 7, 2022 at 6:30 p.m. at the East Hampton Library**

Begins with a Pot-Luck Supper; the Business Meeting starts at 7:30 p.m.

- On the Agenda:
- Recapping the done well/do better from our **55th Annual Vintage Motorcar Meet**
  - Suggestions for the Featured Marque for our 2023 Meet
  - Autumn activities + forthcoming election of officers for next year
  - Next meeting dates and locations

## FUEL FOR THOUGHT

*Fellow Club Members,*

*I'd like to share a few thoughts, having attended the Belltown show on Sunday...*

*First, I would like to thank and congratulate all the hard working Club members that organized and pulled off the show, especially under these incredible hot weather conditions.*

*Further, a Big Thanks to those who braved the heat, brought their cars, and made the show a success.*

*As a founding BACC member some 55 years ago, I am so very proud of how the many members over time have carried on our great tradition...the legacy of those that formed the Club. We owe a debt of gratitude to the current group of dedicated guys and gals. I remember so well the great folks that founded the Club "back in the day" such as "Wild Bill" Perry, John Peterson (a.k.a. "Johnny Pete"), Henry and Delbert Burr, Stanley Knotek, George Birner, Bob Hellstrom, Polly and Ritchie Beckwith, Scott Macgregor, Fred Fitch, and more (sorry if I left someone out).*

*Let us look forward to many more years as we salute and celebrate the times and cars of yesteryear. May God bless the Belltown Antique Car Club and its members.*

*- John Beveridge, past president (Essex, Conn.)*

## CLUB NOTES

Our eighth business meeting of the year was held on August 3, at the Haddam Neck Fairgrounds in preparation for our 55th Annual Belltown Vintage Motorcar Meet that took place on the following Sunday.

### Old business

*Don Liepelt* announced that the date for our upcoming tour to see a collector's garage in Killingworth has been confirmed for Saturday, August 27th. Bring a picnic lunch, and your favorite pizza toppings (optional). Our host will make pizzas on request. *Steve Rossi* provided Don with a tour route starting in Tylerville, west of the Swing Bridge. Don will have the particulars emailed to members ahead of time.

**CLUB NOTES, continued from p. 1**

*Ralph Phil* reported that the East Hampton Lions Club has made a \$250 donation to BACC from their food service operation at the Antique Engine & Tractor Meet in April. We thank them for that!

**New business**

Final preparations for our upcoming Vintage Motorcar Meet were reviewed. We have 252 show plaques available to give out to registered show cars and hobby vendors in the flea market. Like last year, we will run one-way traffic on the entrance road during the morning, requiring that all vehicles exit across the open field to the firehouse parking lot. That field has been dry, however, it has some ruts in it and needs to be mowed again. [That was done prior to the show. - *Ed.*] *Alan Carlson* called for more volunteers to park cars.

*Dan David* noted that the AACA issued a policy ahead of their upcoming Hershey Meet to the effect that the display, distribution, and sale of political materials would not be permitted in the flea market or elsewhere. They cited their responsibilities as a 501(c)(3) charitable organization. *Jon Grant* stipulated that we are not going to have such vendors at our hobby-oriented flea market at the VMM.

*Jon Grant* reviewed the judging form as well as the Club's judging philosophy (essentially the cars are judged against each other in a class; they are not judged against a "standard" as is used by some marque clubs). *Jon* also recorded volunteer assignments to the judging teams for each class. Once again we will use a colored dot to indicate the cars that are trophy winners so that their owners will know to stay until the awards ceremony.

A suggestion was made to add a fire extinguisher requirement for each entrant at next year's Meet.

**Next meetings and locations**

- The September meeting will be back at the East Hampton Library and will be held on Wednesday, the 7th. It will include a pot-luck supper. Let Polly Beckwith (860-733-3547) know if you plan to attend. Bring a dish or dessert (or a big bottle soft drink) to share. Dinner starts at 6:30 p.m.; business meeting to follow at 7:30.

- The date and location for the October meeting has to be finalized, with consideration given to the timing for the AACA Eastern Fall Meet at Hershey, this year running from Tuesday, October 4 to Friday, October 7.

**"THANK YOU"** to the BACC member volunteers, the show car entrants including the Crankin' Yanks and the Four Seasons Model T Association, the flea market vendors, food and ice cream providers the Masonic Lodge #112 of East Hampton and Maya Cigal with her vintage Good Humor truck, East Haddam's Staehly family whose "locomotive" served as our announcer's stand, and the Haddam Neck Fair Association. Without your full support, the success of our 55th Annual Belltown Vintage Motorcar Meet would not have been possible.

## HOBBY HEADLINES & HISTORY

**Loewy's first venture into automobile design** - French-born designer Raymond Loewy initially became known for doing Fifth Avenue department store windows, magazine fashion illustration and industrial design commissions when he was approached by the Hupp Motor Co. to spice up their Hupmobile car line. Loewy was responsible for the cycle-fender show car known as the Hupmobile I-122 Eight Sport Victoria that debuted at the 1932 Chicago Auto Show. *This one-of-one creation, now owned by Dragone Classic Motorcars of Orange, Conn., was shown to the public once again at the 55th Annual Belltown Vintage Motorcar Meet on August 7th.*

Loewy's work at Hupp went on to include the 1934 Hupmobile Model J Aero-Dynamic sedan line. His firm, Raymond Loewy Associates, was retained by Studebaker Corporation as from 1936.

## ORPHAN CARS I WOULD GLADLY ADOPT

*Unmuffled Exhaust from the Editor*

On Saturday, September 17, the Deep River Historical Society will treat us to their second Orphan and Discontinued Car Show. I am rooting for it to be a success and to become an important local showcase for the underdogs of the old car hobby. The subject of orphan and discontinued cars is an engaging one, rife with products and their stories to ruminate about. Surely most of us could come up with a favorite from each decade. Even if we couldn't agree on our choices it would be fun to go through the mental exercise and debate the merits of which cars we like best.

Here is what I would want to put in my six-car garage of wishful thinking:

From the Thirties - a 1935 DeSoto Airflow Coupe (*photo, right*)

From the Forties - a 1940 LaSalle Series 52 Special Coupe

From the Fifties - a 1959 Studebaker Lark VIII Regal 2-dr. Hardtop

From the Sixties - a 1969 Saab 96 V4 De Luxe

From the Seventies - a 1973 AMC Hornet X Hatchback

From the Eighties - a 1983 Renault LeCar Sport 2-dr.

Note that I limited my consideration set to 2-door models only, mainly because that type of car is what interests me right now. I also excluded cars I have previously owned and anything "too exotic," i.e., beyond my means. There are so many desirable orphan cars out there that it helps to establish some guard rails before you get started. Try it. You might find yourself becoming enamored with something out of the ordinary!

## WHO, WHAT, WHERE OR WHEN

*Challenge your automotive history IQ*

**120 years ago, on August 22, 1902, the sitting U.S. President became the first person to hold that office and ride in an automobile. Who was that man, what kind of car was it, and where was it built?**

*The correct answer to Who, What, Where, or When in the July issue, “Which of the following makes never built or sold trucks in the U.S. market?”:*

**Only Maxwell never built or sold trucks here.** Nash offered trucks from 1947 - 1954, Graham Brothers from 1919 - 1927, Plymouth from 1937 - 1941, Hudson from 1937 - 1947, and Packard from 1903 to the mid-1920's.

## By the Way...

On the way back from Nathan Hale Homestead, after our Patriot's Tour, Rick Scott's 1965 Mustang had to make a pit stop for a photo op at the old gas station at The Farm at Carter Hill on Rte. 66 in Marlborough.

Luckily, the six-cylinder powered pony car didn't actually need any gas because the vintage pumps are there "For display purposes only."
